Final year BTech student with solid foundation in web development and specialized knowledge in advanced technologies such as **React.JS** and **Node.JS**. Skilled in developing responsive and **dynamic web applications.** Capable of conducting unit testing, functionality testing and deployment tasks.

EDUCATION

1.BTech in **Electronics and Communication Engineering** Sep 2023 - July 2027
College: JIS College of Engineering, Kalyani ,West Bengal.
University: Maulana Abul Kalam Azad University of Technology
Year of Passing: 2027
Course Type: Full-Time
CGPA: 8.185

2.**Higher Secondary Certificate** (HSC) from Satish Chandra Memorial School 2022
70.8%

3. **Secondary School Certificate** (SSC) from Satish Chandra Memorial School 2020
91.4%

TECHNICAL SKILLS

- C
- Python
- JAVA (OOPs)
- HTML5
- CSS3
- Javascript
- React.JS
- Node. JS
- REST APIs
- PostgreSQL
- Data Structures
- ABAP (Basic)

PROJECT EXPERIENCE

1. **Trade Assist Application -** A retail customer contact support June 2026 - Present

- A full-stack customer support workbench for retail operations, enabling agents to manage **customer records, cases, purchases**, and **fund-related requests** from a centralized platform.
- Implemented customer search and record management, allowing agents to retrieve customer details and access associated purchase and case information.
- Contributed to fund management APIs, including **Fund ID** generation and creation of fund records for subsequent updates.
- Developed and integrated REST APIs using Node.js, Express.js, Prisma ORM, and PostgreSQL (Neon).
- **Tools and Technologies:** React.js, Node.js, Express.js, PostgreSQL, Prisma, Neon, Postman, Render, GitHub, Taiga.
- **GitHub :** https://github.com/Subhratanu-Saha/trade-assist-app.git
  https://github.com/Subhratanu-Saha/trade-assist-api.git
- **Live Server :** https://trade-assist-app.onrender.com/

2. **Smart Jacket for Coal Mine Workers** [**Patent Application No -** 202531111330 A] December 2024 - March 2025

- Enhanced worker safety through real-time monitoring of hazardous **gases, temperature, humidity**, and fire risks.
- Integrated MQ-2, MQ-7, flame, and DHT11 sensors with an Arduino Uno for continuous environmental monitoring.
- **Tools and Technologies:** MQ-2, MQ-7, Flame Sensor, DHT11, Arduino Uno, ESP8266, Arduino IDE.
- **GitHub:** https://github.com/subhajitkumardas567/Smart-Jacket-for-coal-mine-workers.git

CORE SUBJECT PROFICIENCIES

- Computer Networks ⭐
- Digital Electronics ⭐⭐

ACHIEVEMENTS

- **SAP Certified** – Back-End Developer – ABAP Cloud (SAP Global Certification).
- **NPTEL** Certification in Programming in Java (IIT Kharagpur) – **96% Score** (Elite+Gold).
- **Research** Paper Published on Smart Jacket for Coal Mine Worker's Safety.

HOBBY

- Watching anime series and sci-fi movies.
